Materiel is arriving at Bad Doberan for railway sidings for heavy coast defense
 guns, but the scheduled completion date of the work cannot be kept because
 of a shortage of rails. Large quantities of ties lying at Bad Doberan have
 been transported further by narrow gauge railway towards Kuehlungsborn. The
 building of a standard gauge line will commence soon from Bad Doberan to Bad
 Nienhagen which at the present time are only connected by a narrow gauge line.
